The Accountant General,

Sir,

Subject: Draftsman - District Forest Office - North Mangalore - Conversion of temporary post ~~with~~ into permanent - Part II Scheme for 1929-30. (S).

In G.O. No. 1399 (Revenue - Special) dated 14-6-1915 the Government accepted a proposal that all heavy forest divisions should have the services of a draftsman permanently and accordingly sanctioned the employment of permanent draftsman in the District Forest Offices mentioned in para 1 of the G.O. In the other offices, draftsmen have been employed in the temporary scale under sanctions accorded from year to year.

2. A draftsman on the permanent scale was sanctioned in the G.O. quoted above for the old South Kanara district. In the year 1916 that district was divided into two forest divisions viz. the North and South Mangalore divisions. (vide G.O. No. 789 Revenue dated 6-4-1916.). It was then considered that the single draftsman previously sanctioned for the South Kanara district could attend to the work of both the offices.

In the year 1919, the Conservator reported that the draftsman was not able to cope with the work of both the offices and applied for a separate draftsman for the North Mangalore, District Forest Office. The post was sanctioned in the temporary scale and it has been continued since then in the temporary scale.

3. Owing to the temporary nature of the post, qualified candidates are not forthcoming to accept the appointment and the work of the unpassed men who have been employed till now, has been unsatisfactory. North Mangalore is an important division with considerable potentialities for development. The work of the draftsman is heavy and it will increase as new working plans and schemes are prepared. The division will always require the services of a draftsman and it is desirable that subordinates who are employed continuously and who will continue to be employed should be on the permanent establishment. The Government accepted this principle in the case of the temporary draftsman in the District Forest Office, Palghat, and made the post permanent (vide G.O. Mis. No. 591 dated 30-3-1928). In the circumstances it is requested that the Government will be pleased to make the temporary draftsman's post in the District Forest Office, North Mangalore, ~~with~~ into permanent in the scale of Rs 35/35/1½/50/1/60.

The proposal is submitted for sanction as a Part II scheme for 1929-30.

Establishment – Draftsman – District Forest Office – North Mangalore – conversion of temporary post into permanent – Part II Scheme for 1929-30.

To U.S.

– Please see C.C's letter on pp 1-2 C. & the A. G's remarks thereon on p3 C. & The C.C. submits proposals for the conversion of the temporary post of the draftsman in the District Forest Office, North Mangalore into a permanent one.

2. Prior to 1916, both the North Mangalore and South Mangalore divisions formed part of the old South Kanara District. In pursuance of the proposals for entertaining permanent draftsman in the offices of Conservators and District Forest officers sanctioned in G.O. No. 1399 Rev. 8/14-1 the office of the District Forest Officer at South Kanara had a draftsman on the permanent Scale. Post in 1916, the district of South Kanara was divided for the purposes of forest administration into two district Forest Charges, Mangalore North and Mangalore South, ones of which was Mangalore South was to be a Major Char

(T)
G.O. No. 789 Rev.
6-4-1916

It was then considered that the draftsman originally sanctioned for the South Kanara district could attend to the work of both the offices. Post later since it he was not able to cope with the work of both the offices, a temporary draftsman was sanctioned for the North Mangalore division in 1919 and the C.C. says that it has been continued since then.

The C.C. now reports that, the post being only a temporary one, qualified candidates are not forthcoming and the work of unpassed men / has been unsatisfactory. He says that the North Mangalore division is an important one with considerable potentialities for development, and as the work is of a continuous nature, it is desirable to have the post made permanent. [It may in this connection be stated that, though the Govt. did not accept the proposal, the Board of Rev. had recommended that the North Mangalore division also should be a major charge.] In the circumstances the proposal to convert the temporary post into a permanent one may be accepted. The Development Dept propose to bring forward, (in question of) the permanent retention of the temporary draftsman on Rs 35-60 employed in the N. Mangalore division as a Part II Scheme for 1929-30. The average extra cost involved on account of the proposal is Rs 570 per annum.

35-60 ~ 47½ × 12 = Rs 570

2/ It will be seen from the C.C's letter on page 2 C.F. that the post of the temporary draftsman is being continued since 1919. As para 3 on p 2 c.f. the C.C Considers that a draftsman will always be necessary for the North Mangalore division, Finance may agree to this permanent retention.

NOTE BY THE DEVELOPMENT DEPARTMENT.

In 1915 the Government accepted the proposal that all heavy forest divisions should have the services of a draughtsman permanently and accordingly sanctioned a draughtsman on the permanent scale for the old South Kanara district. In 1916 that district was divided into two forest divisions, viz., the North and South Mangalore divisions. It was then considered that the single draughtsman previously sanctioned for South Kanara district could attend to the work of both the offices.

In 1919 the Conservator reported that the draughtsman was not able to cope with the work of both the offices and applied for a separate draughtsman for the North Mangalore District Forest office. The post was sanctioned temporarily and it has been continued since then in the temporary scale.

The Chief Conservator reports now that, owing to the temporary nature of the post, qualified candidates are not forthcoming to accept the appointment and the work of unpassed men who have been employed till now has been unsatisfactory. North Mangalore is an important division with considerable potentialities for development. The work of the draughtsman there is reported to be heavy and will increase as new working plans and schemes are prepared. The division will always require the services of a draughtsman. The Chief Conservator therefore recommends that the temporary draughtsman's post in the District Forest office, North Mangalore, be made permanent in the scale of Rs. 35, 35—1½—50—1—60. The scale recommended is that allowed to permanent draughtsmen in District Forest offices.

This department strongly supports the proposal.
